

Operations Executive (General Logistics)

Job Summary

Looking to build your career in global logistics? Join us as an Operations Executive and be at the heart of international freight forwarding. You will manage shipments across air, ocean, and road while working with other stakeholders to ensure seamless Blue end-to-end deliveries. As part of the team, you will play an integral role in supporting our full range of Transport & Logistics Services – Air, Sea and General Logistics. If you enjoy finding solutions and working in a dynamic setting, this is your chance to grow with a leading logistics company.

Your Role

- Handling of Logistics for in-gauge shipments by air, ocean and road.
- Quoting, organizing, billing, documentation, operating and executing shipments from door to door(unless otherwise stated)
- Following up for rates and corresponding with various associates i.e. airlines, carriers, co-loaders, supplier, overseas offices/agents
- Maintaining and regularly validating all costs/pricing information from Co loader and other serviceproviders
- Communicating with all departments involved in completing quotations
- Performing other related duties as requested by supervisor or manager
- Following ISO directions from the Company
- Acting safely always to ensure your own welfare and that of your fellow colleagues on the basis ofthe defined health &safety targets.
- Focusing on continuously reducing Blue Water's environmental impact on the basis of the defined environmental targets

Your Background

- Minimum 2-3 years of relevant experience in international logistics or freight forwarding preferred. Fresh graduates with strong interest in logistics are welcome to apply.
- Strong understanding of freight operations (air, ocean and road)
- Ability to represent the company and build strong stakeholder relationships
- Good communication skills in English
- Strong organizational skills with keen attention to detail and accuracy.
- Ability to deal with stress and flexibility to work after office hours
- Ability to work in a fast-paced, dynamic environment and perform effectively under time pressure
- Great team playerwith a collaborative attitude
- Good IT skills in Office365; familiarity with logistics system is an advantage
