

Operations Executive

Job Overview

We are seeking a highly motivated and detail-oriented Operations Executive to join our Projects department. This role is based in **Johor Bahru, Malaysia**, and will play a pivotal role in coordinating the end-to-end execution of complex project shipments.

Your Role

- Coordinate and manage the end-to-end logistics of projects shipments including documentation.
- Ensure timely and accurate movement of goods from the origin to the destination as per scope of work provided by the Project Manager / Operations Manager.
- Prepare and manage all necessary shipping documents and ensure compliance with international trade regulations and processes.
- Liaise with carriers, shipping lines, airlines, trucking companies and other service providers to ensure shipment are transported safely and efficiently.
- Monitor the progress of shipments and provide real-time updates to customers.
- Address and resolve operational issues such as delays, damages, or discrepancies.
- Maintaining operational excellence, ensuring customer satisfaction and provide service quality as per Blue Water standards.
- Travelling to meet clients or overseeing operations in various locations globally when required.

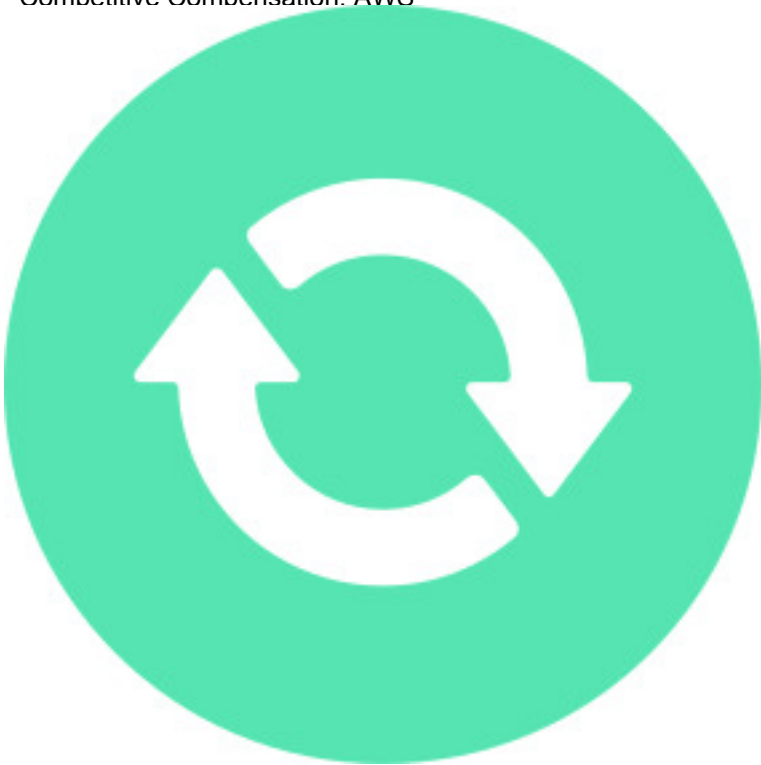

Your Background

- At least 2 years of relevant work experience in heavy cargo or out-of-gauge operations, logistics, or project management, preferably in project freight forwarding.
- Familiarity with specialized vessels and equipment, such as MPP/heavylift vessels, deck carriers, semi-sub, multi-axle trailers and self-propelled modular transporters, as well as a working knowledge of customs procedures for oversized cargo, are preferred.
- Possess a solid understanding of transportation regulations, particularly those related to oversize and heavy haul shipments.
- Strong organizational and problem-solving skills, attention to detail, and effective communication abilities are crucial for coordinating complex over dimensional cargo movements.
- Ability to manage various operations simultaneously, work under pressure and meet tight deadlines.
